DIBBERN

MANUFAKTUR
MADE IN GERMANY

GELEBTE TRADITION | LIVING TRADITION

1814 wurde die erste private Porzellanmanufaktur in Hohenberg / Bayern gegründet. Dieses Werk wurde 1997 von DIBBERN wiedereröffnet. Die jahrhundertealte Tradition der Porzellanherstellung wird auf höchstem Niveau ausschließlich in Deutschland fortgeführt. Das von DIBBERN hergestellte Fine Bone China ist die technisch und handwerklich anspruchsvollste Stufe der keramischen Fertigung.

Das transparente, filigrane Fine Bone China ist mit seinem zarten Schimmer ästhetisch eines der reizvollsten Porzellane und zeichnet sich durch eine außergewöhnliche Widerstandsfähigkeit aus. Das puristische zeitlose Design zieht sich konsequent durch die Kollektion, so dass die Artikel untereinander kombinierbar sind.

The first private porcelain manufactory was founded in Hohenberg, Bavaria, in 1814. Dibbern reopened the works in 1997, continuing the century-long tradition of manufacturing china ware to the highest standards exclusively in Germany. DIBBERN Fine Bone China represents the ultimate achievement in pottery craftsmanship and technology.

With its transparency, smoothness and soft glow Fine Bone China is among the most attractive porcelains – a feature that is enhanced by its exceptional durability.

It is the pure and simple design that inspires the unique character of the entire collection, so that the articles can be used in any combination.

Die gesamte Kollektion wird in unserer Manufaktur in Hohenberg / Oberfranken produziert. Die Glasur ist bleifrei. Fine Bone China ist mikrowellen- und spülmaschinenfest.

The entire collection is produced in our works in Bavaria with a lead-free glaze. Fine Bone China is dishwasher and microwave safe.
